About Riffstation Riffstation is a game for the iPhone and iPod Touch that lets you play guitar and learn music in a much more efficient way. It has intuitive controls and an easy to learn interface. With the application, you don't have to buy music, or learn

how to read sheet music. Riffstation does all of that for you and more. In addition to learning guitar, Riffstation can learn the guitar, bass, or other instruments. Riffstation by CGM Games

In California, where there's always a "hot" story in the news, no two are ever the same. In the last month, Gov. Jerry Brown's administration has faced down threats from climate scientists, created a new position in the governor's office focused on climate change and environmental justice, and weighed in on a major oil refinery project. Yet one of the most interesting stories going on in the state these days is a quiet but key move that signals the state is eager to set its own course in dealing with a topic that is dividing the nation and could drive political events for years:
